Dr. Joseph Dreps, pictured above, tries out the new language lab equipment with the aid of three students.

Language Laboratory Slated for Spring Opening

A language laboratory for French and Spanish is now in the building stage in Colden Hall, room 204. It will be ready for use this semester.

The lab will consist of thirty-five student stations and a main console. Twenty-three of these stations will follow the listen and repeat process, while twelve will have the added feature of recording what has been said.

Connected to these stations, the master console can broadcast to one or more students. The instructor sends directions through the electronic mechanism.

An allotment of \$8,000 has been made by the state of Missouri for this project. The Kansas City Sound and Service Company is contracted for the construction of the laboratory.

The company has installed language laboratories in many parts of the United States. William Jewel, Liberty, Missouri, and Northeast Missouri State College, Kirksville, Missouri, are two of the many they have constructed.

Either Dr. Joseph Dreps or Mrs. Elaine Mauzey, language department, will supervise the workings of the lab.

Funds Received For Home-Ec House

The Governor's office in Jefferson City recently released the news that NWMSC would be granted \$75,000 for a new home management house.

The structure will be built in colonial style and will house eight girls. It will include four bedrooms, kitchen, dining, living, sewing, laundry, and director's rooms. Miss Louise Lovell is in charge of the project.

Commented Miss Lovell, "To teach Home Economics effectively, we must have modern equipment. This new house is certainly needed."

Bids for the contract will be let in the near future.

Senate Sets Voting Rules

Final Campaigning rules were passed at the March 1 meeting of the Student Senate.

Regulations governing the voting and campaigning procedures used this year were discarded by the Senate. In their place was adopted a list of laws based on the 1961 student body election. Only minor changes were made in these statutes.

This year's campaigning procedures provide for a relatively "open" campaign with restrictions placed on actions which have proven themselves annoying.

Announcement was made of a Prexys' Luncheon, March 8. Presidents of campus organizations will be issued invitations for the dinner meeting to be held with President J. W. Jones.

The purpose of the meeting is to discuss and air current campus trends.

Deadline Nears For Contest Entries

Sixteen days and what have you got?

The weekend before midterms? That's right, that is, that's wrong.

What we mean is March 23, the beginning of the weekend before midterms; but more important March 23 is the last day on which material can be submitted for the *Missourian's* literary edition.

Original poems, short stories, humorous essays, original cartoons—authors are invited to submit them on or before March 23.

APPLICATION DEADLINE

Application papers for the offices of president and vice-president of the student body and union board chairman must be filed by 4 p.m., today, in the registrar's office.

Thoughts on Student Government

The task of student governing bodies throughout the nation's colleges is a matter which varies greatly. Each school has a plan for the extent of student government ranging from acting as a rubber stamp to having a loud, clear voice in much of the campus affairs.

The following are highlights from a report by Loyola University on how student governments might function.

"The stimulation of thought and exchange of ideas, the basic activity of the academic community in its quest for truth, is naturally the first concern of student government. Evaluating courses, proposing changes in curriculum, suggesting the use of particular textbooks are tasks which call upon all the insight and experience of the student body's elected representatives. They are tasks absolutely necessary lest the vitality of the school community fade and the opportunity for intellectual stimulation not grow, but wither.

"Should a school provide a testing program to help superior students to avoid taking unnecessary introductory courses? How do professor's salaries and the number of hours professors teach affect the quality of instruction? How do superior and poorer students fare under a limited-cut system? On questions such as these the mature student government is informed and ready to speak.

"Stimulation of thought and exchange of ideas is hardly limited to the classroom. So the student government worries about lecture series, symposia, and even the state of informal contact and discussion between students and faculty members. The mature student government takes steps to see that the channels of student opinion and thought are kept strong and open, that the newspapers, literary magazine and bulletin boards provide students with the necessary give-and-take of orthodox and unorthodox modes of thought and expression necessary for the dialogue of education.

"Closely allied with the more strictly academic concerns of the student government are the problems of student welfare. In the economic sphere tuition expenses and the necessity for a great many student to work part-time or even full-time are examples of real problems which a truly representative student government cannot ignore. The prices of textbooks, for example, and the rates at which they are bought and sold from dealers are areas which might demand investigation and action.

"The sponsoring of special activities is a necessary and generally recognized function of student government, one that should be carried out with careful attention to the student body's needs and wishes. The mature student government includes a grievance committee which can deal with the complaints of students, investigate their validity, and act in cooperation with faculty or administration in reaching a solution."

PROFICIENCY TESTS

The English proficiency exams will be given Thursday, March 8, at the college auditorium in the administration building.

Names of those students who are eligible to take this examination will be posted on the bulletin boards.

POP Conducts Meeting

Pi Omega Pi, Honorary Business Education Fraternity, held its regular meeting Wednesday, February 21, at 4 p.m. in the Lakeview Room of the Student Union Building.

Ron Cross presided at the business meeting.

The next meeting will be held March 7, 1962.

The magnitude of our space program now taxes the imagination too.

Union Plans Improvements

Several additions are being made by the Union Board Improvements Committee this semester.

A Destination Bulletin Board, designed for easier contact among rides and riders, will be finished in the near future, and will be placed in the south hall of the main floor.

An Organization Bulletin Board, the combined effort of the campus organizations, will be constructed in the Den for the purpose of announcement of activities.

Den Murals are to be made on the north and west walls of the old Den. They will be campus scenes made by NWMSC's Art Dept. Approval has not been made by the Board of Regents of submitted murals.

LITTLE MAN ON CAMPUS

"HE WANTS TO KNOW MOZART WROTE ANYTHING FOR STRING TRIO AND BONGO DRUMS."

Book Contest Starts March 23

The annual Bibliophile Contest held by Kappa Delta Pi attempts to rate or judge the quality of personal book collections on campus.

The purpose of this contest is to stimulate student interest and participation in building personal collections or home libraries. Awards will be given for first, second, and third place. Senior winners will have an opportunity for national recognition in the Amy Loveman Contest.

A collection of books representative of many fields is highly desirable and should be supported by an intensive collection in some special field. A twenty five book maximum limit has been set and high quality paper backs are acceptable.

Rule sheets will be posted or can be obtained in Dr. Harr's office in the social science department. Book collections must be entered by March 23, 1962. The decision of the judges will be announced April 1, 1962.

NWMSC Addition Reflects Motto

"And the Truth Shall Make You Free" is the thought behind the latest aesthetic addition to NWMSC. The addition is in the form of a statue placed at the east entrance of the Administration building.

The statue, fashioned and constructed by Charles Johnson, chairman of the art department, and Robert Kidd, a 1961 graduate, is the figure of a man with his back to a rock. It is symbolic of the emergence from ignorance to wisdom.

When the project is completed it will be in the form of a fountain. The statue and fountain were a gift of the 1961 graduating class of NWMSC.

Pops Hailed By Audience

Frigid weather did not provide an adequate obstacle to the 2,000 (approximately) people who enjoyed the Boston Pops Orchestra, conducted by Arthur Fiedler. They braved the cold for one of the finest evening's entertainment in recent years.

The three segments of the concert provided for a wide range of musical tastes. The first part was highlighted by the haunting "Air on the G-string" by Bach. The intermission portion was greatly enriched by a fine rendition of "Les Preludes," by Liszt. The final portion took on a lighter aspect with such selections as "The West Side Story," by Bernstein.

A great deal of pleasure was expressed by the audience throughout the performance, but their gratitude was especially shown at the end of the concert as they called the musicians back for four encores.

It is one of the most beautiful compensations of life that no man can sincerely try to help another without helping himself.

Chalk Talk . . . Bob Cobb

It's all over but the shouting as far as the MIAA basketball race goes. Cape Girardeau captured the league crown as was predicted by sportwriters and broadcasters in the pre-season polls.

The Indians, paced by Bill Giessing and Vivan Reed, swept the laurels with an almost perfect nine-and-one mark, and according to experts, the quintet from Cape will be even more formidable next year.

Springfield, displaying a well-balanced offense, took second-slot honors with an eight-and-two record, followed closely by Warrensburg in the third position with a seven-and-three slate for ten MIAA contests.

In the battle for the fourth slot, Kirksville nudged the Bearcats who finished fifth with a two-won and eight-lost record. The Rolla Miners had no trouble earning the cellar-dweller spot ending with an unblemished none-won and ten-lost season ledger.

Sharpshooting Cape forward, Bill Giessing, gained the individual MIAA scoring title with a 25.5 average in ten league encounters. Giessing was followed in that department by McFarland, Warr. 22.0; Schuchman, R. 20.1; Valino, Warr. 19.7; Germain, Kirks. 16.7.

Senior Jerry Meznarich of Maryville earned the sixth slot in Conference scoring with a 16.5 average in ten division contests.

We salute Don Drake as our selection for the most improved Bearcat cager of the year. The 6'4" forward played the most consistently of all the 'Cat roundballers. In our opinion, Drake, who upped his scoring average to 14.0 and rebounded at a seven-caroms per game pace, should have been in contention for a spot on the MIAA all-star team.

Meznarich Gains All-Star Berth

Captain Jerry Meznarich, who played his final collegiate game against Kirksville, scoring 11 points, was selected to the All-MIAA second-squad cage team according to statistics released by league prexy, John Waldorf.

Team Leader

The 6'5" senior forward paced the Bearcats in rebounding and scoring for the second consecutive year.

In three seasons of MIAA play on the Bearcat cage-squad, Meznarich averaged approximately 15 tallies and 10 rebounds per encounter. After his career peak-season in 1961, Meznarich was named to the MIAA first-team in basketball.

Other Selections

In the first-team selections, Bill Giessing of Cape Girardeau was the only unanimous choice to be honored. This year's hectic conference race was reflected in the balloting, which saw a six-man first All-Star team chosen.

Others chosen for the All-Star crew were;

First Team

Bill Giessing, Cape', Jr. (25.5)
Bud Vallino, Warr., So. (19.7)
Gordon McFarland, Warr., Jr. (22.0)

Norm Schuchman, Rolla, Jr. (20.1)

Vivan Reed, Cape', Sr. (14.4)
Milt McPike, Kirks., Sr. (13.3)

Second Team

Charles Marshall, Spring., So. (16)

Paul Ranson, Cape', So. (12.8)

JERRY MEZNARICH, MARYVILLE, SR. (16.5)

Jerry Germain, Kirks., So. (16.7)

Carl Wilks, Spring., Sr. (10.3)

The first-team all-league aggregation stands in at an average of 6'1" and scores at a 19.1 pace.

'Cat Tankers Drop Finale For 8-2 Year

Emporia, Kas., State College swimmers avenged an earlier 49-46 defeat by defeating the Bearcats in the final meet of the season Saturday at Emporia. Final score was 54-41.

The exciting meet, with four events decided by split-second finishes, was won in the final relay when the Kansans scored a 4:08 time. Despite the loss, Maryville men swam well and most turned in the best times of the season.

Ed Atkins, Bob Hall and Gary Foland were high scorers with eight each.

MSC thus ended its season with an impressive 8-win 2-loss record. The locals chalked up 548 points to their opponents 395. Every varsity record set last year was smashed during this season's competition.

Atkins and Bob McCoy were elected co-captains for the 1962 team.

The Guy Bensusan-coached team will participate Friday and Saturday in the second annual swimming and diving championship tourney at Warrensburg. Others competing will be Warrensburg, Pittsburg, Emporia, William Jewell, Wentworth, Creighton, Westminster and Concordia.
